## "ONWARD AND UPWARD"

Vast Amount of Improvements to Be Made Here This Season

Not a Boom, But Just a Substantial Move in the Way of Beautifying Things

Maysville could with propriety, appropriate and adopt for its motto "Onward and Upward," for surely in the past forty years wonderful strides in advancement and upbuilding of the city have been made.

Since the year 1866 Maysville has been partly rebuilt and our industries and wealth largely increased. Among a number of good things adding to our welfare may be mentioned the building and completion of the L. and N. Railway, Water Works, C. and O. Railway, electric car line, gas and electric works, new and magnificent houses of worship, Washington Opera-house, brick streets, and hundreds of other buildings and manufactories have arisen in our midst since the year after the War.

Our ancient and historic little city has been somewhat slow in getting a move on herself, perhaps, but she is getting there by degrees, all the same, Eliza Jane.

Now that she has grown in wealth, strength and beauty, her stride is somewhat elongated and our advancement and development is more rapid.

The building program mapped out for the current year is rather extensive and if carried out will embrace some handsome and costly structures as follows—

St. Patrick's Catholic Church	.....	\$35,000
Two school houses	.....	60,000
First National Bank building	.....	75,000
Knights of Pythias building	.....	10,000
Skating rink building	.....	5,000
Brick streets	.....	60,000
Total	.....	\$245,000

In addition to the above Mr. Robert Dawson, Mrs. H. H. Collins and Mr. W. F. Thomas have each built handsome and modern dwellings in the East End this year; all of which goes to show that we are not retrograding by any means.

This city is blessed with many superior advantages not found in other places and is bound in time, to attract the attention and bring to our midst new enterprises, capital and home seekers.

We have a water system equal to any in the country, affording unsurpassed fire protection; the best of schools, both public and private, magnificent Church edifices of various denominations, two main line railroads and the Ohio river for transportation; and last, but not least, the best people on earth compose the citizenship.

If you are looking for a place in which you can live contented and die happy, you want to ship your trunk labeled: "Maysville, Ky."

Miss Virginia Savage and Mr. Edwin Flye Poage will wed at Ashland June 26th.
